## CENTRAL NAVIGATION SCHOOL

At the CNS Guidance and Control Demonstration room, F/L Frank Russell explains the operation of a Digital Differential Analyzer to members of SNILR course 6501. Officers looking on are left to right F/O C. MacNeil F/O R. Robert, F/L Russell, Lieut. T. Copeland (RCN) and F/L J. Macdonald.

### THE RCAF CENTRAL NAVIGATION SCHOOL

The Central Navigation School, or "CNS" as it is more commonly called, has a long and distinguished history of active participation in the development of air navigation and related fields in Canada, and is well known in the RAF and USAF.

CNS was originally formed in 1943 at Rivers, Manitoba, on the western plains of Canada. Its function at that time was to train the vast numbers of navigators, bombardiers, and other aircrew required under the British Commonwealth Air Training Plan, as well as to train the large number of instructors which the BCATP required.

During its short wartime existence, CNS was successful in achieving its purpose. By the time the school was disbanded in 1945, several thousand RCAF, RAF, RNZAF, and RAAF personnel had been graduated. Most of these were basic students, but many were instructors trained by the "Specialist Wing" of CNS to staff the other navigation schools.

Specialist Wing of CNS was the only Canadian navigation training unit which was not disbanded. This group of specialists was moved to Summerside, Prince Edward Island, on Canada's east coast, where it became the nucleus of a permanent Air Navigation School.

After a short interruption in training, the "ANS" graduated two courses of "Interim Navigation Instructors" during 1945-46. After these two courses had been completed, training ceased at the ANS for eighteen months while a small staff of officers of the Air Navigation School undertook an intensive research and study programme to determine the best type of training and post graduate education the RCAF could provide Radio Navigators to meet post war conditions.

In 1948, the permanent RCAF navigation training programme began with the first Staff Navigation Instructor Course, followed by a Staff Navigation Instructor (Pilot) Course, and Number 1 Specialist Navigation Course. No. 1 Specialist Navigation Course made history by carrying out a flight over the North Pole, on 9 May 1949, in a long range navigation trainer Lancaster. This marked the first time that a Canadian aircraft had reached the pole. The 14-hour flight was made from an ice strip at Kittigasuit near the mouth of the MacKenzie River in the North West Territories.

The Korean action added impetus to the undergraduate and post graduate training programme, and combined with a growing RCAF commitment to NATO, created a demand for a greater number of navigators and instructors. Because of these increased demands, a second ANS was

opened at Winnipeg, Manitoba, and Central Navigation School was formed at Summerside from the Specialist Wing of the original Summerside ANS. Thus, nine years after the formation of the first CNS at Rivers, the present CNS was "reborn" into a new and more complex role of providing a standards and a test and evaluation function in addition to its instructional role.

In 1953, the ANS at Summerside was disbanded and its commitments were transferred to the school at Winnipeg. Central Navigation School, however, remained at Summerside until 1954, at which time it also moved to Winnipeg.

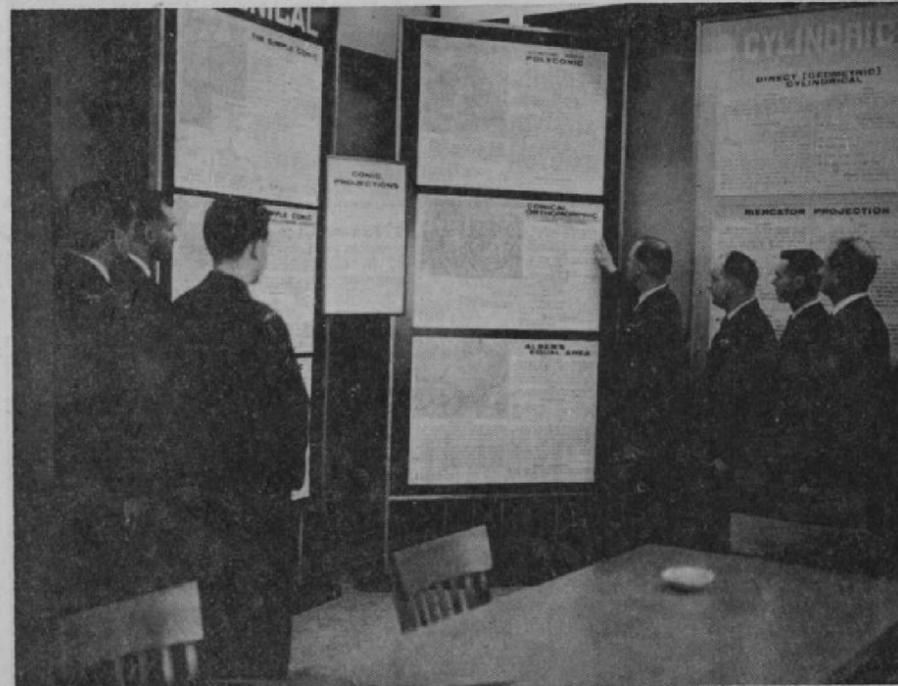

Since moving to Winnipeg, CNS has continued to conduct the Aerospace Systems Course (formerly named the Specialist Navigation Course), Staff Navigation Instructor Long Range, Radio Instructor, and Airborne Interceptor Instructor courses, and short specialized courses when required. Its standards function remains as important as ever and studies and evaluations continue to be an important aspect of CNS activities.

In recent years the complex nature of navigation, weapons delivery, and communications systems combined with the rapid developments in air and space vehicles make it necessary for the RCAF to maintain an establishment capable of understanding these complex systems, able to

keep abreast of developments, and capable of conducting post graduate and special courses and to provide a training standards function. CNS is recognized as this authority, and today the role of the school can be briefly stated as follows:

- (a) to keep abreast of the latest developments in equipment, procedures, and training related to navigation, guidance and control systems, airborne communications, and interception techniques, as applied to aircraft, missiles, and spacecraft;
- (b) to conduct advanced Radio Navigator courses and the Aerospace Systems Course;
- (c) to ensure that RN training within Training Command is maintained at a high level;
- (d) to prepare and maintain RN training syllabi, publications, and examinations;
- (e) to make recommendations concerning aircrew practices and techniques for all types of flying in the RCAF; and
- (f) to evaluate techniques and equipment related to navigation, guidance and control, air communications, and RN Training.

The motto of CNS "Scientia Ducit" — "Knowledge Guides" correctly reflects the character of the school; the dedication which exists within CNS has been created through the tradition of a high level of professional knowledge.

F/L John Knox, Course Director of the CNS SNILR course 6501, explains principles and properties of conical projections to members of his course during a session in the Maps Demonstration Room.

The Reader's Rite

Dear Sir.

With reference to the article about the Buffalo, VOXAIR 15 Jan. '65, I wish to point out an error concerning one of the aircraft mentioned. Unless things have changed suddenly, the DeHavilland 125 is a twin jet aircraft, and not piston powered as stated in the article. In my opinion a jet aircraft would be more suitable as a multi-trainer because of the RCAF all jet training programme and the height and speed advantages which a jet possesses.

Signed
Jet Powered.

Editors Note

The error in what powers the DeHavilland 125 was overlooked in the proof reading of the issue and we apologize to jet proponents. It is not Voxair's intention to second guess the Air Force requirement branch, but the Buffalo is one of the aircraft being considered, and the article was merely a discussion of it's characteristics. Other sharp-eyed readers are invited to submit comments on any subjects, whether Voxair content or otherwise.

AWARDED CD'S

The above personnel were awarded the CD on 13 Jan 65 by G/C D. A. Willis, DFC, CD, Commanding Officer RCAF Winnipeg. Nine of the 15 recipients are shown above. CLASPS-F/L J. I. Crawford and Sgt. S. Pen Points To Personality

We are again prepared to accept samples of handwriting for analysis and publication in this column. A sample should consist of at least four lines of natural writing on unlined paper. Sign the sample with a pen-name and enclose your own name and address on a separate sheet of paper. Pam requires to know whether the writer is male or female, and your age, if under 21 or over 60. Any unsuitable samples will be destroyed by the Editor. Address all samples to the

Editor, Voxair, R.C.A.F. Station Winnipeg, Westwin, Manitoba.

By Pam Pawtaka

The absolute cream of the underwater dream is the location of one of the Spanish treasure galleons that once sailed from the Indies.

Clemmie

"CLEMMIE"

Here are some t-bars you don't have to look at, they jump out at you! The rest of the writing is comparatively light, but the "t's" are really crossed with purpose—and that's just what it shows, purpose, will-power, in this case tremendous self-discipline. This lady drives herself to do things she does not want to do, and similarly, when she says "no" she means it! Notice in the word "the" the "t" is even crossed twice! She has an investigating and analytical mind, is observant and intuitive; she is also direct in her approach to things, and to people, and may tend to be critical, although a lot of that criticism will be turned on herself. However she shows kindness and consideration for others and is responsive and sympathetic. She has courage and is very self-reliant, but she takes life rather too seriously for her own good.

"Regina"

You are a very emotional person, and expressive of your feelings. To other people you show warmth, affection and sympathy, and you also respond readily to such things as beautiful scenery, moving situations or even movies. You show some changes of mood; whilst you are not subject to deep moods, you do sometimes become irritable and impatient, and can display temper, although it will be a short verbal outburst, and will not last long. There is some resentment evident in your writing, but only you know the exact cause. You are generous and sincere, friendly and out-going, but you are generally tactful, and can certainly be trusted to keep a confidence. Although modest you are independent and self-reliant, you have good organizing ability and a good sense of responsibility. You are intelligent, with a logical and practical view-point and you have plenty of vitality. Your ambition varies with your interest, which likewise is variable, but you are conscientious in completing your work efficiently.

"Spot Cash"

You have a great deal of ability, but I am not sure that you always make the most of it! You are best suited to detail work, as you can concentrate well, are attentive, thorough, neat and very methodical. You are versatile, however, and have many interests and lively imaginations. Physically you are unafraid, and hard work will not deter you, and you are optimistic and ambitious. Nevertheless you seem to be rather impractical at times, have a childish desire to escape reality. You also find it hard to adapt to strange environment and make new friends. You are responsive and feel things deeply, but do not easily show your feelings or express yourself. You are kind and considerate, but your writing shows some tension, and as a result you may sometimes be irritable or sarcastic. You are generous, and not the world's best money manager, although not intentionally extravagant. You have a good deal of pride (not to be confused with vanity) but you are broad-minded in your outlook, and have a good sense of fair play.

"Sportsman"

Your love of sports and the outdoors is obvious in your vital personality. You love to be physically active and have plenty of energy and a cheerful enthusiasm; the only thing that really "bugs" you is to be confined and kept inactive. You are sensitive and responsive, and have a great sense of humour. However you apply yourself conscientiously to hard work when necessary, and are also mentally alert; you are very logical and analytical in your thinking, and can assume authority and make firm decisions with self-assurance. You show a generally good sense of proportion, but you may tend to be extravagant.

### CHRISTIANITY TODAY

A series of sermons on basic Christian beliefs, to be given in the Chapel (P) at 11 a.m. on Sundays:

- 24 Jan.—How is God known? Trinity or Unity? Creeds or deeds? Growth in the knowledge and love of God.
- 31 Jan.—Who is Jesus Christ? Does it matter what we believe about Him so long as we are sincere?
- 7 Feb.—Who is Jesus Christ? Does it matter what we believe about Him so long as we are sincere?

#### G/ C REV. E. LIGHT, DRA(P), TO SPEAK AT CHAPEL

In observance of the Week of Prayer for Christian Unity, a service will be held in RCAF chapel (P) at 2:30 p.m., Sunday, 24 Jan. The service is planned primarily for young People ages 9 to 15 years. Of course other children and adults are welcome. Members of St. Bede's (Anglican), Silver Heights (United), St. David's (Presbyterian), St. Stephen's (Lutheran), Bethel (Baptist) and St. Andrews Chapel (Army) have been invited to the service. The speaker will be Padre "Ted" Light, the Director of Religious Administration (P), Ottawa.

#### About Time

The noted philosopher, out on a lecture tour, was being interviewed by the press. "And what is your idea of civilization?" a reporter asked.

"I think it's a good idea," commented the savant. "Somebody ought to start it."

### Officers Wives Tri-Service Tea

Shown above are (from left to right) Mary McWhirter, Bev Anderson, Vera Lief, Lila Barclay, Betty McLeod and Billie Yoder.

On Tuesday, January 6th, the Officers' Wives Club sponsored a Tri-Service Tea in the Officers' Mess. Honoured guests at this function were wives of Army, Navy and R.C.M.P. Officers. In spite of the inclement weather, approximately 150 ladies attended this uni-

que event. Over tea cups and delicious dainties, the ladies exchanged views on a variety of subjects. It was interesting as well as educational to meet wives from the other services and this function has been deemed an overwhelming success.

### February Meeting of Officers Wives Club

The next dinner meeting of the Officers' Wives Club will take place in the Officers' Mess on Tuesday, February 2nd. Cocktails will be served at 7 p.m. A Smorgasbord dinner (\$2.00) will commence at 8 p.m. The entertainment will be taken care of by a group of ladies, whose husbands are with TC Headquarters, under capable leadership

of Betty McLeod. For reservations please call Doris Galbraith at 832-1348 or Lou Cridland at 832-5387 or Kay Wilson at 837-4188. All Officers' Wives and Women Officers are cordially invited to attend. Please note—all reservations must be made by noon, Thursday January 28th.

### BABY SITTERS

#### CRIMINAL LIABILITY POSSIBLE FOR NEGLECT

For a compassionate community there can be no sadder news than the death by fire of children in the home.

The shadow deepens when the headlines read, "We left them alone only for a few minutes..."

Parents who go out have a duty to their children, to the community and to themselves to see that the youngsters are properly looked after.

#### BABY-SITTERS SAFETY COURSE

As a baby-sitter you have great responsibility — your duty is the safety of the children you sit with and also for your employers house. To help you do this job, the Fire Protection Flight have organized

for you a Baby-sitter course on child protection and safety.

The course will consist of lectures and practical training in first aid, artificial respiration and fire safety, for a total of nine hours. There will be three Saturday morning classes, 13th, 20th and 27th February in building No. 17 (Community Centre) from 0900 to 1200 hrs.

#### PARENTS

We hope parents employing Baby-sitters will realize the importance of this course and encourage their Sitter to enroll.

#### BABY-SITTERS

The Fire Protection Flight request that Baby-sitters wishing to attend complete this application and forward it to the Fire Hall no later than the 6th of February.

**"A BIRD'S EYE VIEW OF FLYING WING"**

The only new arrival to report this week is that of Flight Lieutenant Lapointe coming to us from Moose Jaw where he was an instructor for a number of years. Since we only heard of F/L Lapointe's arrival very recently we can tell you very little about him, however we hope to have more information for the next issue.

I am led to understand that Doug Mason's transfer to El Arish has now been confirmed, Doug tells me that he expects to be leaving for the OTU in Trenton on the 15th of February.

Flying Wing is faced with a genuine "whodunit" mystery; WHO LOCKED JACK FISCHER IN THE JANITOR'S CLOSET; the incident occurred at 1433 hours on 15 Jan. 65, a lot of suspicion befalls a red headed secretary but no proof has so far been brought forward. In any event, on that day, after it was discovered that Jack was missing, somebody suggested that the disappearance might have a certain connection with the strange yelling and banging that had been coming out of the janitor's closet for some time. Our friendly neighbourhood dispatcher was called to the rescue and adroitly picked the lock, this was necessitated by the fact that the janitor is the only one to have a key to the premises and that he was away at the time. If this column appeared in the editorial page it would be appropriate to pass judgment on the mean soul who dealt such a foul blow to a man with a broken arm . . .

Our second trip over the Rocks left last Friday, it is hoped that there will be many returns. Talking about trips a little out of the ordinary, three of our aircraft left Sunday morning for a CNS visit to Quebec city; it should be mentioned that most of the pilots were qualified "interpreters", one can never be too well prepared when comes time to order a meal or ask for directions . . .

Trips to the east have been a very popular way to get away from sub-zero temperatures this season; Toronto, Montreal or Ottawa have seldom been below freezing this winter, there is hardly enough snow in Montreal to make one realize that it is winter.

Hoping to see you all again next week in the land of ice and snow,  
—The Gooney Bird

Back Row—L/R Cpl G. Brown, LAC R. Brown, F/S Timlick, Cpl A. Stadnuk, F/L J. Girard and Sgt N. Pickles.  
Front Row—L/R LAC A. Munro, LAC K. Johnson, W/C L. S. Deyell, Cpl Young, Miss E. Olwick, and Instructor Cpl J. McInnes.

**SWIMMING**

Just prior to Christmas, the first course of the Non-swimmer service personnel graduated with ten certificates being handed out by W/C L. S. Deyell.

This was the first course for the 1964-65 swimming year, and proved to be quite successful. The course lasts two weeks, with lessons of one hour duration being taught in the Stn. pool Mon. thru Fri. 1045 until noon.

The sessions are open to all volunteer personnel from Stn. Winnipeg, TCHQ, and lodger units. The success of the program is dependent on personnel being able to attend regularly, and co-operation from the sections concerned.

Last year approximately 80 personnel graduated as Junior Red Cross swimmers or equivalent. This year's course will operate as long as there are sufficient numbers to attend. Personnel wishing to take advantage are requested to contact Cpl. Sheppard at the Recreation Centre 511 for further information.

**STATION BOWLING NEWS**

The first half of the season has bit the dust, and from indications, all leagues are having excellent team competition. So far, the main spotlight has been on the new records being set in the High Triple and Single bracket. The Inter-section High Single is held by Holt with 327 for High Single and Capling 785 High Triple. The top four averages are Waugh of 402 with 227, Segec of Live Wires 225, MacAvoy of Pencil pushers 225 and White of Bandits with 224. At the end of the first half of the schedule, the top teams in the league are:

**Thursday League—**

402 .....	64 pts.
Pencil Pushers .....	54 pts.
Step Ins .....	46 pts.

**Tuesday League—**

Wheels .....	64 pts.
Bandits .....	62 pts.
Whizzbangs .....	56 pts.
Red Devils .....	48 pts.
Alley Cats .....	48 pts.

In the Mixed League, the Normans are setting the pace with Dick Norman holding the men's High single of 325, B. White with a Triple of 718. Daphne Norman ladies High single of 378, and triple of 843. Note: Mrs. Norman's High Single is the highest game so far this year in the Stn. Winnipeg alleys. The five top teams are: Team 1—56 pts, 7—51½ pts., 4—51 pts, 5—48 pts. and team 10—46 pts.

The ladies have a tight race for first place with five teams separated by only five points. Elsie Smart 49, Lois Carnegie 48, Burt Glazner 48, Jean Waugh 45 and Nora Milroy 44 pts. The top four average are D. Listoen 188, D. Baldwin 179, B. McFarlane 178 and J. Waugh 178. E. Pounder holds the High Single 335 and D. Listoen the Triple of 735.

**MINOR HOCKEY**

BY BILL WHITEHEAD

Last Saturday, despite the windy weather saw all teams in action in our House League.

The Atoms started the afternoon off with Stu. McCartney's "Bull-

dogs" taking on Ken Fianders "Ramblers." The "Bulldogs" came through 3 to 1. Wilson potting 2 and Porter 1. Garnett replied for the "Ramblers."

Monty Montieth's "Mustangs" caught fire and with Smith getting 4 and Ripley 1, held off Pinky Hogg's "Shamrock's." Although held to 1 goal, Gary Crebo of Shamrock's played heads up hockey.

Mrs. Whiteheads' "Rockets" played a squeaker with Bev Kollins "Sabres". McCartney and Woitte were Rocket marksmen, with Anderson picking up the Single for the "Sabres".

In the Pee Wee League the "Starfighters" under Doug McKeil exploded for 7 goals and downed Ron Lamont's "Combines" 7-0, goals by Smith 4, Brent Theed 2 and a single by Alexander. Rose played a standout game for the "Starfighters". Combines, although outscored, played well but could not find the mark. Lamont and Whitehead played heads up hockey.

Bruce Motherwell's "Voodoo's" could not hold on to a 2 goal edge they built up in the first period and ended up on the short end of a 4-2 score, with Rip Ripley's "Jets" Coleridge netted the 2 for "Voodoo's" with Carr-Hilton and Theede turning in a star performance. The "Jets" with Keetch picking up a Hat Trick and Cridland a single had to come from behind to win. Harrison and Morrison played sound hockey.

Mell Dagg's "Sharks" and Wally Maranchuk and Ron Shaw's "Raiders" closed out the afternoon with a 1 all tie. Stangroom scored for the "Sharks", with great support from Alexander and Binkus. Ken Orr was lone marksman for the "Raiders", Baxter and Maranchuk playing outstanding defence.

**Playground Scores Sat. 16th**

By K.P.

Seen presenting the trophy to LAW Rouault winner of the first Annual Airwomen's Bonspiel is S/L Fater, Vice-President of the RCAF Winnipeg Curling Club. Others in the picture, L to R, are Audrey Hanberg third, Flo MacAdams second and Eileen Burton lead.

The first annual Airwomen's Bonspiel was held in the Club last Saturday with seven rinks participating in a double knockout event.

In the opening round there were three close games played. Susie Sushetcki defeated Pat Savage 6-5. Susie was two up coming home but Pat made her first shot and could have tied the game with her second shot which was a take out but unfortunate for Pat she was light. Barb Weschenko and Barb Peacock had quite a battle in their opening game as it needed skips rocks to declare a winner. Barb Weschenko drew to the eight foot with her rock but Barb Peacock, not to be outdone, made a perfect draw to the four foot to win. The third game saw Jean Foy and Elaine Rouault doing battle. It looked as though Jean had the game wrapped up when they turned for home she was three up. In that fateful last end, Elaine was laying three and made her last shot to win the game. Fran Willets had a bye in the opening round.

In the semi-finals Peacock defeated Sushetski, Rouault over Willets, Savage lost to Weschenko and Foy had a bye into the finals of the second event.

The final of the first event saw Elaine Rouault and her rink of Audrey Hanberg third, Flo MacAdams second and Eileen Burton lead defeat Barb Peacock who had Joyce Devine third and Shirley Turner.

In the second event it was Barb Weschenko and her team of Shiela Helstrom third, Robbie Robichaud second and Dot Rhead lead defeat Jean Foy and her rink of Gail Hodgson third, Doreen Glenn second and Shirley Duff lead.

Following the finals the gals returned to the Clubroom where the presentation of prizes was made.

## REGULAR LEAGUE

Another round has been completed in the Regular League. Play will not resume until 8 Feb. The stand down has been necessitated because the RCAF Playdowns, MCA Warmup Bonspiels and the MCA itself.

Many changes have taken place in the groupings. Tex Caithcart has moved up to A group from B and Art Swainson did the big jump from C to A group. Art is having his problems this year, in the opening round he won nearly all his games and made A group. He had a lot of difficulty in this group and finally dropped to C. Here he did wonders winning all his games. Where is he now — back in A group. As Art says "It is difficult to stay in one group — I sure wish I could make B group and maybe I could stay there".

Brem Murray and Chuck Keating have dropped from A to B group while Clements and Spruston moved up a notch from C group.

Only one team remained in C group after the close of the last round — that being the rink skipped by Montieth. Colston, Klassen, Davis, Diepold and McPerson all moved up from D group. Yoder and Latour dropped from B to C.

Many changes took place in D group. Dowds and Ellis remain while Redford moved up from E group and "Killer" Kane dropped from B group. McArter, Taylor, Passey and Fader all dropped one group.

I am unable to comment on the standings in E and F groups as there are some postponed games still to be played.

This, I understand, will be the last round in the Regular League so all teams will now be battling for top honours in their respective groups.

## RURAL CLUB VISITS

Teams from Rosebank and Austin, Man., visited our Club last Saturday. Members of the Executive met the teams and after a brief get together at the Club all departed for the Sergeant's Mess for supper.

A novel system of play was introduced by our President. The visitors remained on the same sheet of ice but the home teams switched ice after the fourth end. Both games were very well curled with our Club winning both games by a single point.

## INTER CLUB CURLING

Two teams from Transcona curled against Ron Powell and Ron Merriam last Saturday. The results were a loss and a tie for the home teams.

## BUHR vs MERRIAM

Len Buhr from Transcona defeated Ron Merriam 8-5. This was a bad night for Ron as nothing went right for him. The first end was blanked and Buhr came up with two in the second, one in the third end and another two in the fourth to take an almost insurmountable five to nothing lead. Ron picked up a single in the fifth but Buhr bounced right back with two in the sixth. Both teams alternated on points for the remainder of the game but Ron was unable to close the gap.

	1	2	3	4	5	6	7	8	9	10
Buhr .....	0	2	1	2	0	2	0	0	1	0
Merriam .....	0	0	0	0	1	0	2	1	0	1

- Tuesday —**  
1830 to 2000 hrs.  
—Junior Boys (14 and over) Badminton Club.  
2000 to 2200 hrs.  
—Badminton Club.

## POWELL vs TOPONISKI

Ron Powell in a hard fought game tied Stan Toponiski 7-7. Toponiski picked up a single in the first end and Ron came back with a big three in the second end. Stan, not to be outdone, picked up a single in the third and stole one in the fourth to tie the game. Once again Ron got a three in the fifth but Stan picked up two in the sixth to be one down. The seventh end was blanked and Stan tied the game in the eighth. Ron picked up a single in the ninth to take the lead but Stan had last rock coming home and tied the game.

	1	2	3	4	5	6	7	8	9	10
Powell .....	0	3	0	0	3	0	0	0	1	0
Toponiski .....	1	0	1	1	0	2	0	1	0	1

## ENTERTAINMENT SERGEANTS' MESS

**Play It Safe**

A motorist driving on a dark night at 50 miles an hour on a throughway or at 20 miles an hour on a slippery winter street is suddenly confronted by a pedestrian. Except for the intervention of a miraculous Providence, there can be only one, horrible result. Driving and walking in the dark is downright fearful. Anything that obscures a driver's ability to see clearly where he's going is added peril. Combine carelessness and speed with obstructed vision and you have one of the deadliest combinations available.

Night is a pedestrian hazard, too. Even the thinking walkers who wear white and carry lights stand a better chance of living longer by staying completely out of traffic.
