Easter Message From Chaplain Services

For years it was coming. One day the atom would be harnessed and would produce unheard-of sources of energy. The last World War provoked the occasion. The German scientists were working hard on a secret project that was found to be atomic. So were the Americans. After the fall of Germany, the United States of America gathered the best brains of the Allied World to produce a nuclear weapon. They succeeded. For the first time in human history an atomic bomb was made and utilized to end a war. Then followed the production of a hydro-

gen bomb. Later, the power of the atom was used for peaceful purposes. Years of study and scientific discoveries had given to mankind a tremendous source of mysterious and brutal power.

In the bunkhouses where the scientists were witnesses to the first atomic count down, the atmosphere was tense. They had pooled together their best ideas, their more precise calculations. If their estimates were right, when the controller would push the final button, he would unleash an unprecedented explosion of energy

(Continued on page 4)

*"O Lord of all, with us abide
in this our joyful Eastertide;
from every weapon death can
wield
Thine own redeemed forever
wield."*

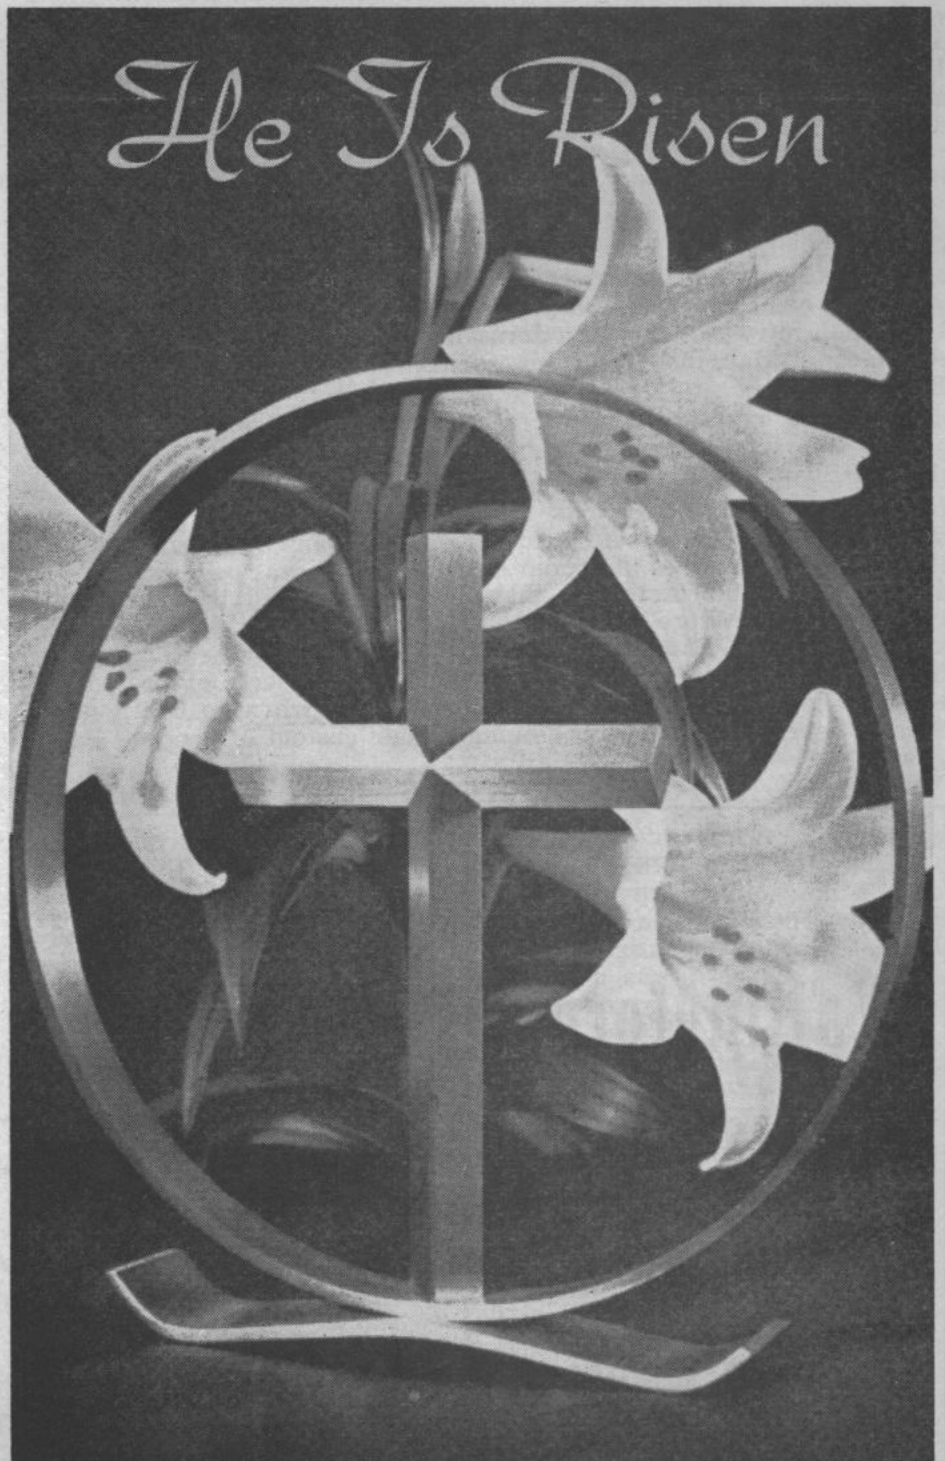

Once a year, at least, men stop
to hear the songs of praise that
tell of that Triumphant Day
when Christ burst the gates of
hell and opened Paradise by
emerging from the tomb.

The long night is ended, and
as over the Sun conquers the
shadows, the Day-spring from on
high declares now its victory over
the last enemy of man. Truth cannot
be hanged on crosses; love
cannot be sealed within tombs.
There is something within us and
in the universe that never dies.

Easter is not time for arguing
the evidence of immortality, far
less is it an occasion for doubtful
misgivings. It is our Supreme
Gift, the full bestowal of the
Father's Triumphant Love, over-
flowing and overwhelming. It calls,
not to uncertain speculation, but
to joyful celebration.

The Gift declares the Giver,
and it transforms them that re-
ceive it. The selfishness of men is
transformed into generosity, their
fears into hope, their weakness
into strength. And mere existence
is transformed into life that is life
indeed. Death is swallowed up in
victory!

Easter is a time to be happy, to
rejoice, and to give thanks — the
gladdest festival known to man-
kind.

PERSONALITY OF THE WEEK

F/L CLAUDE FILIATRAULT AT THE CONTROLS.

It is unusual to enter into this column a personality who is "transient" to RCAF Station Winnipeg. But this week's personality (they call him Filiol!) is the first navigator in the story of the RCAF to have bailed out at 500 feet from a CF-100 and survived to tell us the story.

F/L Filiatrault has just completed at ANS a "refresher" course after a tour of duty on the CF-100 at No. 1 Fighter Wing, Marville, France. He will be leaving soon for Station Summerside, where he will be attached to the 415 "Argus" Squadron.

F/L Filiatrault was born in "Ville St. Laurent," Montreal, studied at St. Laurent College where he obtained his B.A. in 1953. He joined the RCAF in 1953, studied navigation at Stn Winnipeg, obtained his wings and was sent to North Bay and Bagotville with 432 and 413 Squadron.

It was during his tour of duty at Stn Bagotville that he had to try out "for real" his ejection sequence. It was a nice sunny afternoon. Distinguished guests, including the Minister of National Defence and the Chief of the Air Staff, were inspecting the CF-100 Squadron. Four Canuck MK IVs made a low pass in formation over the airfield thundering gently in the afternoon breeze. While breaking formation the number four crew drill and discipline saved both the navigator's and the pilot's lives.

At an altitude of approximately 650 above ground, with dead engines, the pilot realized that 'bail out' was unavoidable. He told the navigator: "Prepare for immediate bail out and tell me when you're ready." The navigator replied: "Is that right?" - "Yes!" answered the pilot. Instantly, the navigator put both hands up to grasp the firing handle on the face

blind. He overreached by three or four inches and hit it with his wrist, whereupon he lowered his hands and grasped it in both hands without difficulty. He then said "Ready." The pilot warned "Canopy going," and the navigator replied: "Roger." The pilot pulled the switch and the canopy left the aircraft. An explosion followed. The navigator had just left the aircraft. Then the pilot bailed out himself below 400 feet and the plane crashed four seconds later.

Both navigator and pilot landed in heavy bush. Their parachutes were caught in the branches as they were at a safe distance from the ground, surprisingly uninjured.

The navigator had seen a little road not far from his landing point. He untangled himself, walked through the wood and hitchhiked his way back home! He then climbed aboard a helicopter and helped find his pilot who had fallen close to a mile from where he himself had landed or "branched."

After such an adventure it is no wonder that the popularity of F/L Filiatrault grew very rapidly. He was posted to Quebec Recruiting Unit where he gave many conferences in the schools and colleges and acted as career counselor. He was very active with No. 630 Air Cadet Squadron and the Boy Scouts.

In 1960 he was posted to No. 1 Fighter Wing, Marville, where he was Nav Leader of the Wolverines Squadron 445.

(Continued on page 3)

EDITORIAL CORNER

Story of Easter

Easter is a holiday in the word's true sense, for it is a "holy day," and that was the original form of the word. It was only on days set apart by the church that people might rest from their labours. Though Easter is not set aside by law, it is celebrated in all Christian countries with deep joy and thanksgiving as the day when Christ arose from the dead. It is always on a Sunday, but not always on the same Sunday. It falls on the first Sunday after the first full moon after the twenty-first of March. If the moon is full on March twenty-first, and that is a Saturday, then Easter would fall on the twenty-second—the earliest date at which Easter can fall. Its latest date is April twenty-fifth, and it can fall on any Sunday in between.

Since the date of Easter is changeable, it affects a great many of the religious festivals before and after it. Lent, for instance, which is a season of restraint and prayer, begins forty days before Easter, on what we call Ash Wednesday. Palm Sunday, which celebrates the triumphal entry of Jesus into Jerusalem, is the Sunday before Easter. And Good Friday, the day of the crucifixion, falls on the Friday before Easter.

Easter is the oldest festival in the Christian world. Some sort of spring festival may well be the oldest that man has ever known. For long before the Christians began to celebrate the resurrection of Christ from the dead, people all over the world had celebrated, at about the same time, the joyous return of spring. In many religions this took the form of ceremonies in honour of the god who was believed to bring spring back to the earth. For many peoples believed that spring was really dead, and were not sure that they would ever see the flowers and grass again. Some people believed that winter was a giant who held spring in prison. So they offered him all sorts of presents to bribe him to set spring free—and to thank him when he had done so. This is believed to be the beginning of our custom of sending Easter gifts.

MASSES during Holy Week

Thursday—5:00 p.m. Friday—3:00 p.m. Saturday—10:45 p.m. Easter Sunday—9:00 & 11:00 a.m.

CONFESSIONS

Monday-Friday — Before every Mass. Saturday—1900-2000 hours. Sunday — Before and during Masses. Other times—by appointment.

NURSERY SERVICE

During 1100 hours Mass young children of parents who attend this Mass will be cared for by nursery service in the Chaplains' quarters.

SUNDAY SCHOOL: On Easter Sunday, 14th April, all Catechism Classes ARE CANCELLED. Students should make a special effort to attend the liturgical ceremonies of Holy Week.

MARRIAGE

Contact the Chaplain or his secretary at least one month before. In the case of a prospective mixed marriage, notice should be given at least two months in advance in order to give time for the couple to follow the instructions required by Church Law.

HOLY THURSDAY

CONFESSIONS: 3:30 p.m. to 5:00 p.m. 7:00 p.m. to 8:00 p.m. HIGH MASS: 9:00 p.m. The Solemn Mass on Holy Thursday commemorates the institution of the Blessed Eucharist at the Last Supper. While this is not a Holy Day of Obligation, good Catholics try to attend Mass and receive Holy Communion on this day.

GOOD FRIDAY

CONFESSIONS: 2:00 p.m. to 3:00 p.m. MASS: 7:00 p.m. THE SOLEMN LITURGICAL FUNCTION commemorating the Passion and Death of Our Lord, during which there will be the unveiling and veneration of the Holy Cross. The Faithful are encouraged to receive Holy Communion at this Service. 9:00 p.m. THE WAY OF THE CROSS.

HOLY SATURDAY CONFESSIONS:

3:00 p.m. to 5:00 p.m. ONLY. N.B.—Since Confessions will be heard on many occasions during Holy Week, there will be NO Confessions in the evening of Holy Saturday. This permits the Chaplains to prepare the Altar and the Sanctuary for the Easter Vigil Service.

10:45 p.m. Blessing of the New Fire; Blessing of the Pascal Candle; Reading of the Lessons; Solemn Blessing of Baptismal Font; Renewal of Baptismal Promises; Litany of the Saints, followed by the Easter Vigil Midnight High Mass. PLEASE NOTE: The Faithful are encouraged to receive Holy Communion during this Mass. The Eucharistic Fast of three hours from solids and alcoholic beverages must be observed.

BAPTISM

Usually on Sunday afternoon. If this is inconvenient another day of the week may be chosen. Telephone the Chaplains' secretary during working hours to arrange the date and the hour. This will make it possible for the papers and certificates to be filled in beforehand.

FATHER SAVOIE

F/L (Rev.) Georges Savoie, who has been with us as Station Chaplain (RC) since last September, has left recently for Station Summerside.

During his six or seven months' stay at this Station, Father Savoie has been a very active chaplain. He has been in charge of the Junior and Intermediate Sunday School, and has personally taught Grades 6, 7 and 8 every Sunday.

He has organized the Senior Choir, and has taken charge of the Knights of The Altar and one group of the C.F.M. (Christian Family Movement for Married Couples).

In addition he has been guide, counsellor and friend to many.

It is no wonder then that we say au revoir sadly to Father Savoie and wish him every success at his new Station in the "Garden of the Gulf."

PROTESTANT CHAPEL NEWS

HOLY WEEK SERVICES

MAUNDY THURSDAY, 11th April 1930 hours — Holy Communion—Anglican.

GOOD FRIDAY, 12th April 1100 hours—Good Friday Service of Lessons and Music.

EASTER SUNDAY, 14th April 0930 and 110 hours—Duplicate Services.

1200 hours—Holy Communion—Anglican.

On Easter Sunday the Primary and Junior Church departments of the Sunday School will not meet. Kindergarten will meet in the Rec Hall at 1100 hours. Nursery will meet in the Chapel Annex at 0930 and 1100 hours.

CHOIR PRACTICES, 11th April Junior — 1615 hours — no practice on Friday.

Senior — Following Maundy Thursday Communion.

CHURCH SCHOOL—EASTER MORNING—MITE BOXES

The Intermediate, Junior, and Primary departments are cancelled on Easter Sunday. The Kindergarten will meet as usual at 1100 hours in the Rec Centre Lounge. The Nursery will meet in the Annex during both Chapel Services at 0930 and 1100 hours.

Church School pupils are asked to bring their Lenten Mite Boxes to the Nursery, Kindergarten, or to either of the Chapel Easter Services. The mite box offerings will be forwarded to the 1963 Tri-Service Sunday School Mission Project — the care and feeding of refugee children in Hong Kong.

CONFIRMATION SERVICE (ANGLICAN) — 21 APRIL

The Right Reverend John O. Anderson, Suffragan Bishop of the Diocese of Rupert's Land, will visit our Chapel at 1100 hours next Sunday for the Sacrament of Confirmation. Some 20 teen and adult members of our congregation will be Confirmed at that time. Six Girl Guides, also of our congregation, will be presented with their Religion and Life Awards. The Junior Choir will be in charge of the music. The newly-Confirmed will make their First Communion, in company with their families, in the Chapel 0800 hours Sunday 28 April.

A PRAYER FOR THOSE ABOUT TO BE CONFIRMED

O God, who through the teaching of Thy Son, Jesus Christ, didst prepare the disciples for the coming of the Comforter: Make ready, we beseech thee, the hearts and minds of thy servants who at this time are seeking the gifts of the Holy Spirit through the laying on of hands, that, drawing near with penitent and faithful hearts, they may be filled with his power; through the same Jesus Christ our Lord. Amen.

Distaff Side

BROWNIES AND GUIDES

On the 27th of March the Brownies of the 25th Pack held a fly-up, walk, enrollment, Golden Bar ceremony and a Golden Hand presentation which began in the Guide room in the Community Centre. The ceremonies opened with Pat Fleenor walking up to Guides. Then Pat Hope, Janice Pearson and Laurel Valley flew up to the 25th Guide Company. The girls were presented with their badges which were framed upon completion of the ceremony. The 25th Brownie Pack then went downstairs to continue their program. District Guider, Mrs. Jean McArter, assisted by Brown Owl Mrs. Hazel Smith and Tawny Owl Mrs. Hazel Merkley, enrolled Janice Carruthers and Darlene Edey into the 25th Brownie Pack. Madeleine Stevenson was presented with her Golden Bar. Mrs. Mary Oram, district Commissioner, presented Golden Hand awards to Laurel Valley, Colleen Ashbury, Donna Dunsmore, Judy Crocker, Joanne Merkley, Joane Sigouin, Jean Wall, Beth McArter, Flora White and Cathy Malcolm.

The following girls received proficiency badges: Beth McArter — House Orderly and Toymakers,

Donna Dunsmore — Minstrel, Toymakers, and Thrift, Joanne Sigouin — Minstrel, Brenda Miller — Toymakers, Lynda Crocker — Toymakers, Jean Wall — Toymakers, Knitters and Minstrel. Congratulations, girls, for your fine efforts! A local bakery decorated two cakes for this occasion, one of which was taken to the Guide rooms by the Brownies who had graduated to the 25th Guide Company. The second cake was much enjoyed downstairs by the 25th Brownie Pack.

The Leaders and the Brownies were very pleased to have so many parents present for their ceremonies. A special thank you is given to Mr. and Mrs. Hope who took pictures.

Meanwhile, in the Guide room, after the walk-up and fly-up ceremony of 4 new Guides for the 25th Company, Sheila Gagnon was enrolled into Guides and Second Class Badges were presented to Susan Eaton and Diane Oram. Congratulations, Girls!

RECIPE OF THE WEEK

HOT CROSS BUNS

- 1 pkg. granular yeast 1/4 cup lukewarm water 1 tsp. sugar 1 cup scalded milk 1/2 cup shortening 1/2 cup sugar 1/4 tsp. salt 1/2 tsp. cinnamon 1/2 tsp. nutmeg 2 cups all-purpose flour, sifted 2 cups whole wheat flour, sifted 1 cup raisins or 1/2 cup each raisins and mixed peel

Add the teaspoon sugar to 1/4 cup lukewarm water in measuring cup and sprinkle with yeast. Let stand a while without stirring. Heat milk until skin forms on top. Pour into large bowl and add shortening, 1/2 cup sugar, salt and spices. Stir to break and melt shortening. Add yeast mixture which should be stirred smooth after 10 minutes standing. Add 2 cups flour and mix until smooth. When sifting whole wheat flour tip bran out of sifter and measure it with sifted whole wheat flour in natural ratio. Add it with raisins and stir to mix in. Knead on board sprinkled with whole wheat flour. Put in greased bowl, cover and let stand in warm place. Let rise about 2 1/2 to 2 hours or until light. Punch down, knead again, shape into long roll. Cut into 16 even pieces, form into smooth balls and flatten with palm on buttered pan. Place at least 2 1/2 inches apart. Cover and let rise until more than doubled. Bake at 375 degrees 15-20 minutes. Two minutes before done brush top with mixture of 2 tblsp. each milk and sugar to brown and glaze. Cool on rack. Ice top in form of cross.

(Continued from page 3)

A FINE THANK YOU

There is nothing the matter with me,
I'm as healthy as I can be,
I have arthritis in both my knees,
And when I talk I talk with a wheeze,
My pulse is weak and my blood is thin,
But I'm awfully well for the shape I'm in.
Arch supports I have for my feet
Or I wouldn't be able to be on the street,
Sleep is denied me, night after night,
But every morning I find I'm alright,
My memory is failing, my head's in a spin,
But I'm awfully well, for the shape I'm in.
The moral is this, as this tale I unfold,
That for you and me, who are growing old,
It's better to say, "I'm fine," with a grin,
Than to let folks know the shape we are in.
How do I know that my youth is all spent?
Well, my get up and go has got up and went,
But I don't really mind, when I think with a grin,
Of all the grand places my get up has been.
Old age is golden, I've heard it said,
But sometimes I wonder as I get into bed,
With my ears in the dresser, and my teeth in a cup,
My eyes on the table until I wake up;
Ere sleep comes o'er me, I say to myself,
Is there anything else I should put on the shelf?
When I was young my slippers were red,
I could kick my heels right over my head,
When I grew older my slippers were blue,
But still I could dance the whole night through.
Now when I'm old my slippers are black,
I walk to the store, and puff my way back.
I get up each morning, and dust off my wits,
Pick up the paper, and read the obits,
If my name is still missing, I know I'm not dead—
So I get a good breakfast, and go back to bed.

This little morsel of wisdom(?) was gleaned from the walls of Deer Lodge hospital recently. Thought you might enjoy it as we did.

TEEN BEAT

ATTENTION ALL TEENS

Anyone interested in coming to an Easter Conference on Easter Monday — 15th and Tuesday 16th? This will take place at various churches in St. James and in our own Air Force Base. We will be meeting at the Protestant Chapel at 8:20 a.m. on Monday. Anyone wishing further information please call Donna Tomlinson at VE 2-6645 or Brian Churchill at VE 2-0023. This conference has been very successful in past years. Please come (cost is only two dollars).

**Easter Conference — 1963
YOUTH GROUPS OF ST. JAMES AREA
AGENDA**

Monday, 15th April

8.45 a.m. Registration, St. Paul the Apostle; 9 a.m. Breakfast, St. Paul the Apostle; 10 a.m. Speaker — R.C., St. Paul the Apostle; 10.20 a.m. Buzz Groups, St. Paul the Apostle; 10.45 Questions, St. Paul the Apostle; 11 a.m. Coke Break, St. Paul the Apostle; 11.15 Film, St. Paul the Apostle; 11.45 Walk to St. Stephen's at Ness and Davidson; 12.15 p.m. Lunch, St. Stephen's; 1.15 p.m. Speaker — Lutheran, St. Stephen's; 1.35 p.m. Buzz Groups, St. Stephen's; 1.50 p.m. Questions, St. Stephen's; 2.15 p.m. Swimming and/or Bowling, RCAF Rec Centre; 7.30 p.m. Sock-Hop, RCAF Teen Club.

Tuesday, 16th April

9.30 a.m. Speaker—Anglican, St. Bede's; 9.50 Buzz Groups, St. Bede's; 10.05 a.m. Questions, St. Bede's; 10.15 a.m. Games and Cokes, St. Bede's; 10.45 a.m. Speaker — United, St. Bede's; 11.05 a.m. Buzz Groups, St. Bede's; 11.20 a.m. Questions, St. Bede's; 11.30 a.m. Free Time, St. Bede's; 12.15 p.m. Lunch, Silver Heights; 1.30 p.m. Speaker — W/C Dunn, Silver Heights; 1.50 p.m. Buzz Groups, Silver Heights; 2.05 p.m. Questions, Silver Heights; 2.20, Film & Evaluation, Silver Heights; 3p.m. Volley-ball Tourn., Silver Heights; 8.30 p.m. Dance, St. Bede's.

EASTER MESSAGE

(Continued from page 1) and their success would be confirmed. If they were wrong, nothing would happen and they would have to start all over again. The button was pushed; the expected explosion followed. The scientists rejoiced. They had made

it! A break through was made toward an extremely promising source of power. An atomic age had started.

This realization was not accidental. It was carefully planned; it was foreseen, predicted and executed with detailed accuracy.

Nearly two thousand years ago something somewhat similar happened. It had also been planned, foreseen, predicted and executed with detailed and perfect accuracy, not by men, by God; not for war, for peace; not for death, for life; not for mortal life, for eternal.

The Liturgy of Easter brings the memory of that explosive accomplishment. The Resurrection of Our Lord is something which is beyond understanding to human experimental science. Only God could do it. And He did.

The Resurrection of Jesus from the dead did not come as a surprise nor an accident. It was planned. The Prophets had spoken of it a long time ago. Jesus himself had let His Apostles know about His personal Resurrection far in advance: "Destroy this temple and in three days I will raise it up..." He was speaking of the temple of his body. When accordingly he had risen up from the dead, his disciples remembered that he had said this, and they believed the scriptures and the word that Jesus had spoken... (John 2, 22). "Behold, we are going up to Jerusalem, and all things that have been written by the prophets concerning the Son of Man will be accomplished. For He will be delivered to the Gentiles, and will be mocked and scourged and spit upon; and after they have scourged Him, they will put him to death; and on the third day he will rise again." (Luke 18, 32-33).

The fact of his Resurrection has been ascertained with incontrovertible evidence. Mary Magdalene, Peter and John saw the empty grave on Easter Day. He then appeared to the Apostles. "More than five hundred brethren saw him alive." He lead his Apostles to a miraculous catch of fish in Galilee. He ate with them and gave them His final recommendations before ascending into heaven. (See John 20, 1-33; Luke 24, 1-7).

As the atomic blast that melted its very supported tower proved the validity of their calculations to the scientists sitting in the Nevada desert when the first man-made atomic explosion was produced, so the Resurrection of Our Lord proved without any doubts

the veracity and reliability of the prophecies and predictions made in the scriptures, including his own accurate prophecies. His Resurrection is the most outstanding proof of His divinity, so strong and convincing that St. Paul would go so far as to say: "If Christ has not risen, vain then is our preaching, vain is our faith." (1 Cor. 15, 14.)

During Holy Week, Christians all over the world will recall the trial, passion, death and Resurrection of Our Lord. May the Easter Season be one of joy and rejoicing. May it bring abundant graces to the thirsty souls of our modern age. May the Light of Life be our "Homing Beacon" in our flight to Happiness Eternal.

J. GEORGES SAVOIE FRC
Stn Chp/RC.

Cadet of the Week

CONGRATULATIONS TO F/C J. A. G. TURENNE FOR SECOND APPEARANCE

F/C J. A. G. (Guy) Turenne was born in Montreal, P.Q. He attended the Chomedey-de-Moyne high school and graduated with a Senior Matriculation. Guy was active in Boy Scout and served in an Air Cadet corps, attaining the rank of Sergeant in the latter organization. His favourite sports are skiing, swimming and volleyball, and Guy is also very fond of classical music. F/C Turenne is at present under training as a Navigator with the RCAF.

PERSONALITY

(Continued from page 2) F/L Filiatrault has an impressive record of flying time for a young officer. He flew more than 2150 hours as navigator of what was then the CF-100, the pride of NATOPS in the '50's.

We wish F/L Filiatrault a very happy and useful tour with the 415 Squadron at RCAF Stn Suffern, N.S.

FIRE PREVENTION

13 Ways to get FIRED

Thirteen of these fire hazards...
 accounted for most of our Cana...
 dian plants which were hit by fire...
 last year. Ninety percent of all...
 fires which are a threat to your...
 life, property and job, are pre...
 ventable.

Let's make Station Winnipeg's...
 work shops, work areas and quar...
 ters a by-word for fire safety by...
 putting the following simple pre...
 cautions into daily practice:

1. Keep flammable liquids in safety cans and away from ignition sources.
2. Automatic sprinklers should not be obstructed by stock.
3. Know what YOU should do when the fire alarm sounds.
4. Paint Shop — "NO SMOKING!" Don't smoke in hazardous areas.
5. Don't grind or file metal objects where explosive or flammable materials are stored or used.
6. Inspect fire appliances regularly and keep them free from obstructions.
7. Keep electrical equipment and wiring in good repair.
8. A clean shop is safer from fire.
9. Check heating devices for defects and combustibles nearby.
10. Don't block automatic or self-closing fire doors.
11. Be proud of your shop; report obvious fire hazards.
12. Take proper precautions before you cut or weld.
13. Don't use open flames around flammable liquids or combustibles.

KADET KORNER

BY BODEN

The "Nomads" added a lot of spirit to the dance Saturday helping to brighten the atmosphere. The mess committee is to be commended on the variety of music they have provided for the band dances.

With this weekend being four days Easter leave, patronage of the ATM is expected to be very low, however, the following weekend provides us with a fairly solid schedule.

Friday the nineteenth is our Dining-In Night. Attendance at this function will undoubtedly be very good.

There is still room for a few more couples at the candlelight dinner the following evening. Certain members of the mess committee have done their best to convince(?) people to sign their names on the dotted line, so to speak, and I am sure no one will regret it.

SHAMROCKS BROOMBALL CHAMPS

Front Row, left to right: Ray Armitte, Frank O'Neill, Ken Brown, Ron Premeau and "Pepsi" Widdifield. Back Row, Wally Armstrong (President), George Pettigrew, Dave Smith, Wayne Johnson (Captain), Paul Bedard and Paul Chellew. Missing from photo are Jim Palframan, Gerry Guetre, Carl Bertrand and "Hubby" Husband.

SECTION BROOMBALL

BY LAC WALLY ARMSTRONG

After a bare win apiece, a tie game which could not be broken in 90 minutes of tough broomball, and a final game in the Winnipeg Arena, the Champs for this year have finally been determined. The Corporal's Club were eliminated from league supremacy when they dropped the deciding game to the Shamrocks by a score of 1-0 on a second half shot from the blue line by LAC Jim Palframan. Coached by hard working Wayne Johnson, the Shamrocks managed to keep the score board in their favour until the final whistle to clinch the 62-63 broomball championship and trophy which was certainly very deserving and hard-earned after ranking in a three way tie for fourth place in regular season play prior to the playoffs. Congratulations from all teams in the league fellows and keep up the good sportsmanship.

Now that the broomball season has come to a close and glimpses of green grass are appearing, it is hoped that we may enjoy a forthcoming ball season. If it proves even half as successful as our broomball has been this year, we are assured of lots of fun. Many thanks to all who have helped to

make it such a success and let's continue next year with the same team spirit and ardent interest.

Notification of the broomball banquet to be held in the near future will be made through the medium of DROs so keep an eye peeled fellas.

SCOUTING NEWS

51st WINNIPEG (RCAF) GROUP CUBS

The Cub movement is progressing favourably at Station Winnipeg. However, as on most military bases there is always an urgent need for more Cubmasters and Assistants. Because of transfers, TD and annual leave it is necessary to continuously recruit and have available leaders to take over the packs in existence and to form new packs when the need arises.

There are four packs operating now, A, B, C and D in the 51st Winnipeg (RCAF) Group. Because of transfers this summer, leaders are required to fill these vacancies. In addition, The Group Committee would like to add one more pack to handle some aspiring Cubs, which have had to be kept out of the Scout movement because of lack of leaders.

Scouting is a wonderful move-

ment for our young boys, many of our present day leaders are ex-Cubs and Scouts. Let's help our Country, Community and children by lending a hand in this worthwhile cause. If you are interested in becoming a leader, either full or part time, or know of some one, please contact a member of the Group Committee and volunteer your services. I am sure you will find the time well spent and very rewarding.

MEETING TIMES

"A" Pack — 7 to 8:30 p.m.— Every Monday evening.

"B" Pack — 6:30 to 8 p.m. — Every Thursday evening.

"C" Pack — 6:30 to 8 p.m. — Every Tuesday Evening.

"D" Pack — 6:30 to 8 p.m. — Every Wednesday evening.

PLACE — Old Drill Hall, East side.

MARCH ACTIVITIES

"A" Pack — This pack is very capably handled by the following leaders, Cubmistress, Mrs. A. Goulding, Assistants, Ken Stevenson, Janet Hamilton and Ron Serne. During the month the chums (31 in number) had two outings, a tobogganing party and a visit to Television Station CJAY. The turn out was very close to full membership and the cubs certainly enjoyed themselves.

Cubbing is not all visits and play, the Cubs also had plenty of work too, tests must be passed, badges must be earned, and of course as in all organizations, promotions too. Two Senior Sixers, two Sixers and a Seconder were made. Two Cubs earned their first starts and a total of seven new chums were introduced to the pack.

"B" Pack — Cubmaster Ronald LeNeveu and Assistants Al Hunter, Bill Bendell and Paul LeBlanc have this pack of 37 cubs in tow. During the month three new chums joined the pack, Richard Hollingshead, Michael Noble and Perry Mathews.

Parents of this pack, you have a treat in store for you, the Leaders and Cubs are organizing a "Parents Nite" to be held on the 25th April. Make a point of coming out to see the work being done and enjoy an evening with your sons.

"C" Pack — Another pack who you will be hearing great things from in the near future. The Leaders are, Cubmaster Paul Martil and Assistants Catherine Sullivan, Bill Riseborough, Shirley Tanner and Michael Martin. C pack consists of 32 boys and have been kept very busy during the month earning badges, passing first and second star work and general cub workings.

Cubs, how did you enjoy the visit from the nosey Sam Noseworthy? He may be back at any time.

THE CUB PROMISE

I PROMISE TO DO MY BEST:

To do my duty to God, and the Queen,
To keep the Law of the Wolf
Cub Pack, and to
do a good turn to somebody every day.

VOLLEYBALL

VOLLEYBALL — ZONE 2 CHAMPIONSHIP

DATE — 6 APRIL 63 — TIME 11 A.M. — WINNIPEG VERSUS GIMLI, First Round of the Zone 2 Volleyball Championships. At 1300 hours respectively — at 1300 hours series of round robin games between the first place Winnipeg team and the third place team from Stn Rivers.

The results of the round robin would place two teams in the first three out of five playoff. In the first round Stn Winnipeg downed the Gimli contingent 15 to 8, 15 to 1 and lost the third 15-13. The second round saw Rivers win the first two and losing the third game 15-8, 15-6, and 8-15. The round Wpg and Rivers — the teams that had successfully downed Gimli and were tied in wins. Wpg took the first encounter 15 to 8, the second game won by a larger margin, 15 to 3, and Rivers edged out the hosts 16 to 14 in the third encounter. The results of the round robin placed Winnipeg with four wins, two losses, CJAY Rivers 3 wins, three losses and Gimli two wins, four losses.

The final three out of five series saw Winnipeg cop the first game 15 to 10. Rivers came back strong to take the second 15 to 11. The Winnipeg closed the door to Rivers by downing the opposition 15-5 and 15-13. The Stn team will travel to Stn Uplands on the weekend of the 20th and 21st April for the 1963 RCAF Championships.

INTERSECTION LEAGUE

Last Monday the final game of the A play-off series took place at the Rec-Centre, Electronics Area. The Grd meeting the Soccer team to win the trophy. The Soccer team triumphed in the best of five series winning in three straight by scores of 15-11, 15-11, and 15-3. In the series some of the players on the Soccer team were better at using their feet or heading the ball than hitting it with their hands.

In the B group playoff A.P. came out on top of 111 Sqdn. games to 0 by scores of 15-12, and 15-13.

Station Wins Thorndycraft Trophy For 2nd Year

LAC Dawe, captain of the station bowling team received this trophy emblematic of bowling within the R.C.A.F. Members of the team are—LAC Johnson, LAC Erickson, Sgt. Ross, LAC Primeau, LAC McInnes, Cpl. Barry, LAC Dawe.

In 1929 the RCAF were situated at 297 Notre Dame Ave. At this time they did their repairs for the winter and their bowling team was formed. Mr. Thorndycraft, a representative of Great West Life, was in charge of the payroll savings plan, put into effect for the Armed Forces. Mr. Thorndycraft bowled with the Air Force from 1930 to 1939 and was a member of the winning team during those years, but he had become an associate member of the Air Force, and to this day the name of Thorndycraft is still part of the RCAF, not only on the trophy, but also in the Active Force, as Mr. Thorndycraft has a nephew, LAC Thorndycraft, RCAF Stn (Portage la Prairie) still serving. There are many tales associated with this trophy, the fact that this trophy was twice taken away from the station, once to Calgary, and once to Ottawa. It always managed to return. For the first time, in 1962, two airwomen, an LAW Duff and an LAW Tyson, were added to the long list of winners. Unless anyone can prove otherwise, we believe that this is the oldest trophy still offered for competition in the RCAF.

Servicing West

BY DICK GINTER

LAC Red Hewlett has taken over the job of Maint-Wing runner. Welcome to the staff, Red, and so long to ever cheerful LAC Allen, who left to go back to the work group. Allen's most cheerful moments on the job were those at seeing WO Waraway's "Satelite" launch.

Reggie Dawg has lost his master. F. S. Common was called to duty at TCHQ-AU. Good luck in your new capacity, Flight.

Merriam made a supreme effort to win at curling in Namao, Old-vet Charley Grasley, in Camp Borden type, won for the Lake.

The harsh winds and the increasing cold of the freezing weather were a real misery, but did not stop how beautiful the trees

looked in the bright sunlight the following day?

A fond farewell to Cpl. Andy Leveille going to Bagotville, and LAC E. D. Peter who is heading west to Penhold. We will miss you both, desperately.

Larry Werboski has been laid low by a virulent virus. He will probably be spending Easter weekend in Deer Lodge. I'm sure he'd appreciate a visitor or two.

An enthusiastic welcome to F. S. Sigford and Sgt. H. R. Foreman, both in Transient Servicing.

An old friend, Sgt. Volkmar, left us to help out in 16 hgr. We'll be glad to have you back anytime, Sarge.

George Smith is also heading West, way west, Comox to be exact. I hope he doesn't mind.

Our own Ted Green is off on a "hardrock" course. Can't you just see him on the parade square wistfully calling, "Attention, please, boys, I said Attention."

Tom Place has remustered to Basic Electronics getting right with it in this Electronics age. Good luck, Tom.

Congratulations are in order — NO NOT PROMOTIONS, to new and renewed pappas, LAC Parker of I&E heading the list with a set of twin boys.

As a matter of fact I&E is really doing it up brown, since two more additions were effected here, LAC's Wills and Pond both contributing.

Ten hangar stayed in the running with Cpl. and Mrs. Lamb and their cute little baby girl, Donna, for whom they had been waiting patiently.

An inter-section switch was made by Ron Merriam and yours truly, both of us getting what we were asking for?

FLASH — While Larry Werboski is convalescent in Deer Lodge, yellow as a canary with jaundice, Mrs. Werboski presented him with another boy Thursday, 4 April 63. Congratulations.

3 CU NEWS

BY SGT. J. T. DANBERGER

Welcome to AC1 David Morgan and AC1 David Lischynski both Com Tech Ground, fresh from Clinton. Their duties here commence their career in the field of electronics after long arduous months of training. Keep up the effort you put into the work at Clinton and your success will be assured.

Congratulations to Sgt. and Mrs. Al Taylor, a baby boy was born 23 Mar. Both mother and son are doing well.

Also, congratulations go out to three of our members who were fortunate enough to make the promotion list this time; Sgt. Len Hollingshead to Flight Sergeant, LAC Rollie Nichol to Acting Corporal and LAC Bob Lesouder, a new arrival at the unit, to Acting Corporal all effective 1 Apr. 63.

Previous articles have shown the operation of the various parts of 3 Communications Unit. A few weeks ago the Radio Teleprinter aspect was described, where the signal is picked up and transcribed onto "tapes" and printed page copy. The Circuit Control Point was also described as the nerve centre of the Unit. This week "Patching" will be discussed. First of all, a "patch" is the connecting of two or more different circuits together so that communications may be established directly between the requesting parties. For example, a simple patch would be RCAF Stn Gimli requiring direct communications with RCAF Stn Moose Jaw. As both of these circuits are routed into 3CU CCP and Relay Centre, it becomes a simple matter to connect these two stations together by means of a patch cord, hence the meaning of the word "patch." One of the more complicated patches made occurred during an Air Force Day recently when the RAAF HQs was patched through from Melbourne, Australia to RCAF Station Rockcliffe. As can be imagined many patches were required before this "through line" was established. The patch board is very versatile

and looks somewhat like a normal telephone switch board except that teleprinter machines are used instead of telephones. It is so arranged that a patch can be made using landline or radio teleprinter. One of the daily uses of a "patch" requires that AMC Data Centre and 7 SD at Namao be patched directly together so that supply demands can be processed from the IBM at AMC to 7SD. This circuit operates at 100 wpm. Any patch calls for constant surveillance by experienced personnel and is only one of the many tasks which comes under CCP operations, thus demonstrating why the CCP is called the nerve centre of this unit.

BY F/L G. M. GRANT

MILLIONS DOLLAR VALLEY

Just a few miles east of Smith River, between Watson Lake, NWT, and Fort Nelson, B.C., lies a small, narrow, valley holding a fortune — forever! This is Million Dollar Valley, famous in the North, but unknown in the settled areas of Canada. The story of the valley is an interesting and fascinating one. In 1941, three Martin B26 Marauder bombers were flying the northern route to Russia from Edmonton, as part of the American

RIDE WANTED

Wardlaw at Osborne, to West Side (or vicinity), beginning April 15. Call Miss Roper, GLOBE 2-2922.

MILLION DOLLAR VALLEY (Continued from page 7)

assistance provided to Russia during the Second World War. As on most of these flights only one navigator was carried for the three aircraft. When the lead aircraft became lost, the crews of the three aircraft faced the prospect of running out of fuel over mountainous terrain further along the route if they could not determine their position. Instead of this frightful prospect, the leader chose an alternative — they would land

at the first place that offered a reasonable chance of making a safe alighting. Soon after this decision was made, they flew over a long, narrow, relatively level valley, surrounded by wooded hills and mountains. As luck would have it, this valley is one of the few such places in the wild bush and mountains along the B.C.-Yukon border which is suitable for an emergency landing!

Following the leader, the three aircraft landed in a straight line about a mile apart with their landing gear down. Although two of them swung sharply on touchdown, the aircraft were undamaged, and, remarkably, none of the men were injured. To complicate the situation further, the twenty-four men were lightly clothed — not expecting such a turn of events — in an area where the temperature can drop to 50 below overnight!

Fortunately, the three aircraft were spotted quickly by a civilian pilot flying an old Junkers bush aircraft. He landed hazardously between a mountain and a crevasse and evacuated the Americans in

shifts, nearly being killed in the process! To pass the time, the gunners had taken the machine guns out of their turrets and were firing wildly into the air and into the woods! Years later, this Canadian pilot was decorated by the U.S. Government for his feat.

When the Alaska Highway pushed as far as the valley, a road was bulldozed to the aircraft and all the transportable parts were salvaged. However, the empty airframes remain there to this day in the summer sinking further into the soft earth, and in winter covered with four feet of snow. Those who have been into the valley recently say that the tires are still partially inflated!

We can only guess what happened to the lead navigator when he returned to his home base. However, even in their grave, the aircraft are being utilized — and for a purpose never dreamed of by the manufacturer! During searches in this area, 111 KU captains fly over "Million Dollar Valley" to give their spotters practice in finding aircraft down in bush country.
