## SPRING CLEAN-UP DRIVE

Sgt. Griff, our Fire Chief, presents his "Spring Clean-up" Poster to Mrs. Picton, wife of the SWO.

## IT'S A FACT, WAKE UP

By SGT. P. THORMIN

"Don't give a fire a place to start" is a piece of advice often heard but too little heeded. The results of this heedlessness are starkly outlined in daily newspapers across Canada.

We have an unfortunate habit of dismissing most fires as "accidents," a sort of visitation of bad luck which somehow was unavoidable. But how avoidable—or unpredictable—is the fire started by a carelessly discarded cigarette, or overloaded circuit, or a flagrant disregard of the orders?

A recent PMQ fire inspection on this unit revealed that residents are overloading circuits, nailing electric cords to walls, draping wires over steel pipes and coursing them through partitions, storing combustible materials in bedroom closets (children love to play with matches in such an environment), failing to clean light fixtures of dust and bits of paper, letting children use the basement to run up gasoline powered model aircraft (1 gallon of gasoline completely vaporized is equal to 85 pounds of dynamite), using lights over workbenches which are not properly shielded or guarded, storing thinners, gas, etc., improperly in basements (safety cans should be used, not glass jars), allowing heating

system filters and air heat ducts to gather dust (a heating unit fire can spread to other rooms).

It is about time we woke up and discarded our lackadaisical attitude about fire safety. The danger of fire is REAL. It is with us now and it always will be. We can control it but never master it completely.

We need to acknowledge the fact that fires are not only wasteful but avoidable, then go on to reform our bad habits and remove the hazards which cause them.

Co-operate with your Fire Department by following their advice and remember the concern they have for your safety. Use common sense by reading the pamphlets distributed to your door and heeding the safety points outlined.

When each of us as an individual has done this, we will minimize the risk to our lives, jobs and possessions.

## 111 KU CREW GUESTS OF NWT AVIATION COUNCIL

By F/L S. B. GODDARD

On Thursday, 9 Mar., in response to a request from Mr. Bob Ward of Ft. Simpson, the OC of 111 KU, S/L Lewis, and an SAR briefing crew departed for Yellowknife, NWT. Mr. Ward was the acting chairman for the proposed NWT Aviation Council.

Arriving at Yellowknife by Albatross late Thursday afternoon, the crew quickly made themselves at home renewing old acquaintances and basking in the warm hospitality which is typical of these northern people.

On Friday, S/L Lewis and the SAR crew received invitations to the inaugural banquet that evening. The guest speakers were Mr. Clarence Mack, past president of the Alberta Aviation Council (now an alderman in Calgary), and S/L Don Lewis.

The SAR crew were warmly greeted by Mr. Bob Ward and Acting Secretary-Treasurer Miss Joyce Dumphy. Prior to dinner the crew mixed with the other guests, local airline owners and pilots.

During the dinner which followed, Mr. Mack gave a very interesting talk on the Alberta Aviation Council, their problems, achievements, and aspirations. He warned the NWT Aviation Council of the many pitfalls to avoid and ended by presenting a plaque which made the NWT Aviation Council an honorary member of the Alberta Aviation Council.

S/L Don Lewis then gave a brief speech applauding the formation of the new council and briefly explained the role of SAR and the great importance of Civilian Assistance. In closing, he reminded the guests of the briefing to be given by the SAR liaison team on the following morning.

On Saturday the group reconvened in the Miners Safety Building. Basic rules and regulations were discussed and the new council decided to use the Alberta Aviation Council format.

Election of officials came next and the acting chairman, Mr. Bob Ward, became the Official Chairman. Other elections followed, including representatives for the various sections of the NWT.

S/L Don Lewis was then called upon to introduce the SAR Liaison Team, but prior to this, he reviewed in detail the RCAF role in Search and Rescue and again stressed the importance of local assistance.

F/L Bob McLaron presented the SAR briefing which covered all phases of Search procedure as well as many other subjects including how to attract search aircraft by electronic and visual means.

Immediately after the initial briefing, the meeting was thrown open to a general question and answer session involving other members of the SAR Team, F/L Ken Young, F/L Ross Wood, F/L Stan Goddard, Sgt. Ted Bourdon, Cpl. Pinky Hogg, Cpl. Ted Simmons.

On Sunday morning the SAR group departed for Winnipeg.

111 KU wishes to extend its hearty appreciation and best wishes to this newly formed council.

111 KU and hosts with Albert in the background.

## PRODUCING A TV DOCUMENTARY

On location at the Officers' Mess, Mr. Myron Kupchuk, CBWT cameraman, films the interview sequence between G/C D. A. Willis, CO of Stn. Winnipeg and Mr. George Knight the well-known CBWT "Spotlight" commentator. This was one of many film sequences taken by the CBWT film crew in the course of producing the half hour documentary on RCAF Stn. Winnipeg which was telecast on April 1.

Certainly one of the most interesting and rewarding projects undertaken by the members of the Station PR Committee in recent times was their collaboration with representatives of CBWT Channel 3 in the production of the special half hour documentary program, "A City Within a City—The RCAF

Station Winnipeg Story", which was telecast on April 1st in conjunction with the RCAF's 40th Anniversary.

The idea for such a program, which from all post-show reports was thoroughly enjoyed by both the civilian and service viewers, was originally suggested to the Stn

PR Committee as a future project last fall.

In January, the CBC and Stn PRC got together to consider the program proposal, and the type of approach or treatment it could be given. By end February the proposal was firm and general guidelines as to style and format had been worked out. Between then and telecast time on April 1st the project went into high gear, but, stated F/L Alex Hannah, the PRC, no amount of speed alone would have permitted us to take advantage of April 1st as the most timely date for telecast, without the magnificent co-operation of Ted Benoit, the producer and his film crew consisting of: Myron Kupchuk the cameraman, who considering the adverse time element and local March weather recorded very excellent photographic sequences; Don Brown, the assistant producer; Bill Hayes, Audio and Lighting; Glen Gelette, Unit Manager, and George Knight whose job of commentary scripting can't begin until the film editing is done, but who completed the fine job of narration and commentary heard within the three day deadline.

Moreover, the PRC said that the timely completion of this PR project owes as much to the wholehearted support and co-operation of all the station personnel who were asked to participate. Everyone, from Cpl. Whoitte, his wife and family who had a house full of cameras, klieg lights and sound equipment for a day, through the NCO's, cadets, section heads, messing staff, civilian employees, ANS—111KU—and 402 pilots to the CO and his Wing Chiefs, participated in a spirit of good humour—and very ably too!

On the project the normal PR Committee was augmented by other officers to obtain a broader scope of ideas for the specific documentary theme and program contents, significant among these was F/L Red Syrett to whom the Committee is indebted for coming up with the basic story theme.

In the course of production some 4300 feet of film was exposed by Myron Kupchuk. This total had to be edited on an almost 4 to 1 ratio to make it fit the half hour time slot—so, as Ted Benoit explained, it became necessary to edit out much of the various sequences—hence the reason why some of those who participated weren't seen.

Notwithstanding the many problems of time, weather and availability of people, the project was completed with one day to spare and was a complete success.

## CADET OF THE WEEK

O/C A. T. MUNRO

O/C Munro was born in Westminister, B.C. some 22 years ago. On completion of his schooling, Allen worked as a food clerk in home town before joining RCAF as an Airman technician.

He was stationed in Nanaimo two years and was accepted in aircrew training.

Allen is an all-round sportsman and favours swimming and diving. He is a lifeguard at the station pool during his spare time.

## Chapel News

### ROMAN CATHOLIC CHAPEL NEWS

Rev. V. Villeneuve W/C (Training Command Chaplain).  
Rev. G. E. Grant S/L (Station Chaplain).  
VE 2-1311, Local 272.

#### MASSES

Sunday — 9 and 11 a.m.  
Weekdays — 4.40 p.m.  
Saturday — 11 a.m.  
First Friday — 4.30 & 8.30 p.m.

#### CONFESSIONS

Monday-Friday — Before every Mass.  
Saturday — 1900-2000 hours.  
Sunday — Before and during both Masses.  
Other times — by appointment.

NOTE: If there is no priest in the chapel, ring "Confession" bell. Parents are asked to remind their children to come to Confession after school on Friday afternoon, that is, from 1600 to 1630 hours.

#### NURSERY SERVICE

During 11 o'clock Mass, young children of parents who attend this Mass will be cared for by nursery service in the Chaplains' quarters.

#### BAPTISM

Usually on Sunday afternoon. If this is inconvenient, another day of the week may be chosen. Telephone the Chaplain's secretary during working hours to arrange the date and the hour. This will make it possible for the papers and certificate to be filled in beforehand.

#### MARRIAGE

Contact the Chaplain or his secretary at least one month before. If both parties are Catholics. In the case of a prospective mixed marriage, notice should be given at least two months in advance in order to give time for the couple to follow the instructions required by Church Law.

SENIOR CHOIR PRACTICE is held every Thursday at 7:30 p.m.

JUNIOR CHOIR PRACTICE every Friday at 6:30 p.m.

ALTAR BOY CLASSES every Sunday at 6 p.m.

### PROTESTANT CHAPEL NEWS

#### CHAPLAINS:

Rev. C. H. White, S/L — 837-3832  
Rev. I. Raeburn-Gibson, F/L — 832-1525.

#### SERVICES — Sunday 26 April

9 a.m.—Holy Communion (Anglican Rite).  
11 a.m.—Divine Worship.

#### NURSERY

Parents are reminded that infants and children up to three years of age will be cared for in the Chapel rooms during the 11 o'clock service.

#### SENIOR TEENS

High School age and over—7:00 p.m. in the Chapel. The Senior Teens meet in the Chapel for devotions at 7 o'clock and at 7:20 in the Chapel rooms for the evening program.

#### SUNDAY SCHOOL

Ground floor—Building 62.  
Primary School (grades 1-3), 9:30 a.m.  
Kindergarten School (pre-school, 4 and 5 years old) 11 a.m.  
Junior School (grades 4 to 6) 1:30 p.m.

Additional teachers and teacher's assistants are required for the three above Sunday School Departments.

For information call the Chapel (P) Local 417.

#### JUNIOR TEENS

The festival of the Christian Home will be observed at Chapel (P). On Sunday, 3 May, Junior Teens will assist with the services; they and young people 9 years and over are invited to worship with their parents. On May 10, children 8 years and under and parents are especially invited to the 11 a.m. Service.

"The family that prays together, stays together."

Gossip always travels fastest over grapevines that are slightly sour.

## GIRL GUIDES IN EUROPE

Canadian Girl Guides in companies on foreign soil have a wonderful chance to learn more about the world.

Mrs. H. W. Hougham, a trainer just back from visiting companies and packs in Europe, reports that Canadian girls realize that they have a great privilege in spending these years in Europe.

At latest count, there were 443 Guides, 730 Brownies and 17 Air Rangers in Canadian companies, packs and crews overseas. In most cases their fathers are part of NATO armed forces in Europe. Some are in Germany, some in France, and some in Sardinia, an island off the tip of Italy. And they are usually stationed there for four years.

"I found many Brownies who couldn't even remember what it was like, back in Canada," says Mrs. Hougham.

In Germany and in France, the Canadian girls may live with their families in permanent quarters on the base or they may be quartered in the local town. They meet European Guides at camp or at special get-togethers. In a few cases, there are European children in the Canadian companies.

They also get a chance to meet many American girls who belong to Girl Scout troops on NATO bases. And many visit our Chalet in Switzerland.

Local traditions, history and legend are brought into their Guiding. Canadian Brownies in Germany hear about the elves in the Black Forest.

Most parents take every advantage of this time in Europe to take their children sight-seeing, on weekends as well as on vacations. They follow the regular Canadian school programs, but are encouraged to learn more about European history during their time overseas.

Canadian girls in Sardinia are more isolated than those in France or Germany. There is one Brownie pack and just one Guide, Melody Bullock, who helps teach the Brownies besides carrying on with her own Guide work.

Sometimes they feel lonely, but who could be sad when there is a wonderful beach beckoning and all the Mediterranean to swim in?

There's financial trouble ahead when necessities become too luxurious and luxuries too necessary.

## FASHION SHOW

### Junior Young People (Prot. Chapel)

The Junior Young People will be presenting a Spring Fashion Show to be held at the Station Drama Club on 2nd May 64 at 7 p.m. All parents and friends are invited to attend. Tickets may be purchased from any member of the Junior Teens or by contacting The Protestant Chapel.

## STORY OF UNWANTED CHILDREN

The plight of children whose parents don't want them, or are emotionally or physically unfit to look after them, will be considered in a radio report, Children in Limbo, to be presented on Trans-Canada Matinee, Monday, April 27th at 2:30 p.m. EDT on the CBC radio network.

It has been prepared by Marguerite and Jim McLean of Toronto, who talked to children in several Canadian centres who feel that nobody loves them or cares about them any more; to adults under whose supervision the children are placed; and to parents of unwanted children, including a husband and wife who fight constantly and couldn't even control their animosity on the program.

Some of the parents the McLeans interviewed have deliberately tortured their children. Burning is a form of cruelty frighteningly common in these cases.

Somewhere in the background of every foster child, the McLeans say, is emotional disturbance. In its mild form it's simply the child's natural resistance to being separated from its original parents. This can be magnified many times as the child moves from home to home.

The McLeans found one child who had been in 27 homes. In some cases the foster homes don't work out well, because the child is too upset by his many problems.

Sometimes emotional instability in the "unwanted" child can be traced back through many generations of parents.

"Have confidence that if you have done a little thing well, you can do a bigger thing well, too," advised Wilbur F. Storey, American journalist.

## THE 19th HOLE

By ACE McDONALD

The golf enthusiasts have been out on their favourite courses (in between snow storms) trying out their new Christmas clubs, digging balls out of snow drifts, getting all the winter television kinks ironed out, and ending up with sore backs and stiff arms.

The Masters' Golf Tournament is history now, but Arnie Palmer will be remembered as the first to win Four Masters' Tournaments. The slump that he went through in 63 and 64 was lifted and the 34 year old Palmer added to his laurels and his purse by a cool \$20,000 making his lifetime earnings past the \$500,000 mark. With the formation of the new Arnold Palmer Company and his many other enterprises, it had been bandied around the courses that business dulled his interest in the game, but that theory was shattered last Sunday. It is interesting to note the leading money winners at the Masters;

Arnie Palmer	\$20,000
Dave Marr	10,100
Jack Nicklaus	10,100
Bruce Devlin	6,100
Garry Player	3,700
Billy Casper	3,700
Paul Harney	3,700
Jim Ferrier	3,700

Arnie now has fixed his sights on the elusive professional grand slam of Golf which consists of winning the Masters, the United States and British Open Championships and the American PGA. The great Bobby Jones accomplished this feat in 1930 but Palmer insists his winning of these tournaments would be superior to that of Jones', in that this Grand Slam would be played in the space of a little more than a month. He would be going from the big American ball to the small British ball and back to the American ball with only a week to get adjusted.

Interesting article in "TEE TOPICS" by Alex "Sandy" Weir concerning public golf courses (pitch and putt greens) in comparison to those in other parts of the world. Sandy's column this week is especially interesting, as it will encourage that type of professional golfer who seems to be getting nowhere because of lack of funds. The great Ben Hogan is Sandy's example of success despite

monetary hardship and the account of his return to greatness in the Masters makes very interesting reading.

The \$50,000 Houston Golf Classic had a four-way tie at 139 with Don January, Billy Maxwell, Buster Cupit and Ramon Sota of Spain. Winnipeg's Wilf Homenuik finished with a 146. At the Greensborough Open, Wilf tied with Palmer and Nicklaus in the first round with 70, and in the third with 69 but two 77s in the second and fourth spoiled his card.

Green Fees for the EARLY BIRD TOURNAMENT on 8 MAY will be \$2.50. Refreshments and awarding of prizes in Building 24 (Old Site) after the tournament.

IT IS REGRETTED THAT, OWING TO THE LIMITED NUMBER OF TICKETS FOR SALE, STATION GOLF CLUB MEMBERSHIP IS LIMITED TO SERVICE PERSONNEL ONLY AND IS NOT OPEN TO DEPENDENTS.

SALE OF TICKETS FOR THE COMING SEASON WILL BE CAREFULLY CONTROLLED, AND ONLY MEMBERS OF THE GOLF CLUB MAY PURCHASE TICKETS TO USE THE GOLF COURSE DESIGNATED.

Membership cards have been ordered and when received will be handled by Cpl. Anderson, Accounts Section (Local 331) for personnel on the new site, and by LAC Vinten, TCHQ OPC/OR (Local 557) for personnel on the old site.

The Committee, consisting of F/L W. Carr-Hilton, WO J. Morgan and LAC L. Black, are making satisfactory progress arranging for construction of the Driving Range.

Last week I briefly covered the history of Golf with some of its lighter moments, but for the next

few weeks with the help of the 'Great Golfers', I will try and give you an insight into the game from an amateur's point of view.

"Golf" as Arnold Palmer states, is a deceptively simple game. It is 90% mental and hitting a golf ball is not the difficult feat that most instructors would have you believe, but there are a few essentials you need to know, from grip to follow-through.

Firstly, it is important that you select the correct clubs. It is best to get the assistance of a qualified golf professional to help you in your choice. Also, good golf shoes are as important as good clubs, and should be chosen with the same care.

If you are contemplating taking up the game, it is important to see the golf professional at your club to take a few lessons — this is a short cut to better golf.

Next week we will start with one fundamental (and most neglected aspect) of the game—THE GRIP, so until then

ACES TO ALL WHO TRY.

### STN. FASTBALL

Are YOU interested in playing Senior "A" Fastball? Station Winnipeg will endeavour to enter a team in the Greater Winnipeg League. Up to date, interest is reported high, BUT such an organization requires a coach and manager. Do YOU have experience, or are you interested in gaining experience as a coach or manager?

The team would like assistance, and help, from any persons wishing to play or assist in running the team. The caliber of ball is good, and we should see a good representation of Station Winnipeg. If you are interested, we would like to see you turn out. Contact Cpl. Schilds at the Rec Centre (loc 511).

### SOCCER NEWS

The Station Team is about to start training for the coming season. Once again the team is entering the Winnipeg Senior Soccer League of eight teams. There will be practice games against other City teams within the next few weeks. League play commences in May. Anyone interested in playing or assisting please contact Bruce Porter at the Rec Centre local 511.

### INTER-SECTION VS INTER-MESS SOFTBALL

Which shall it be? In the past 3 years, the inter-section softball has diminished from an 8 team league, owing to a shortage of players, to a 4 or 5 team league in the latter stages of each league schedule. Usually transfers, leave etc., cut the drawing roster to such an extent that teams either drop out, or are forced to forfeit. This usually demoralizes the entire league, and better players must enforce the remaining teams.

On the other hand, Inter-mess softball has not been held for a number of years. Softball is a game everyone can play—most anyone even if means Bat-boy. In order to create higher interest and possibly more participation, the Recreation Council has suggested approaching the 5 messes. To enlarge the league, larger sections might be approached for a team entry, therefore enlisting a possible 8 teams. This would depend on interest in Softball. If you are a spokesman, please let it be known (whether at the mess meeting or your section coffee break) that Inter-mess Softball Season will soon be upon us. Let's have a good representation at the meetings—and make the league a successful inter-mess inter-section league.

### LIBRARY NOTICE

Watch for Cubs' and Scouts' Annual Book Drive, to be held during first week of May.

We need more children's books for our Station Library.

During your spring clean save those children's books for Book Drive.

Watch for further notices Voxair.

## KADET KAPERS

By MICK

Last Friday the cadets took on the ANS Staff in another Sports Meet, and this time we didn't lose quite as badly as we did in the previous event. Once again, the officers won the basketball and volleyball events, but we managed to hold our own in the soccer and bordenball, both games ending in a tie. We had most of the play in the soccer game and could easily have won with a little luck, but those goals seem to be oh! so small! With so many players on the floor at a time, it was difficult to make any systematic plays, but both teams managed to score two goals apiece. The cadets had a chance to win the game in the closing seconds thanks to a penalty throw awarded to the cadets by the unbiased referee! However, the officer's horseshoe showed again, and the score remained even.

No games were available for the Monte Carlo night that had been planned, but the Mess was a very lively place on Friday evening nevertheless.

A reminder to everyone that the scarves attached to the summer flying suits have to be removed completely. The reason is that they constitute a fire hazard, in that being made of nylon they would tend to melt rather than burn if they were to catch fire, and possibly cling to the neck. So, away with them.

The reception for the graduating course 6302 Nav this Friday will be held in our Mess rather than in the Officers' Mess. This means things will be getting under way earlier than usual, so come early and don't miss out on the refreshments!

O/C Hugh Mackay has been appointed as the new COC. Let's pitch in and give the new executive the same support given to the retiring COC, O/C Guy, and keep things running smoothly.

More next week.

## MOST VALUABLE PLAYER

Mr. Murray Greenburg of Beaver Moving and Storage is shown here presenting the Beaver Trophy to Cpl. Don Sheppard, recipient of the Most Valuable Player award for this year. "Shep" was selected by the coaches and managers of the teams in the Inter Service League, as the player contributing the most to his team.

"Shep" played for the Flyers, and in 7 games scored 15 goals and 5 assists. The winning of the scoring championship most likely had a bearing on the choice of the voters. As well as his scoring ability, Shep provided exceptional leadership and inspiration to the team.

As well as playing with the Flyers in the Inter Service League, Shep was one of the outstanding players on the Buffalos. Station Winnipeg's entry in the Interlake Intermediate League were in eight games. He scored 21 goals and assisted in eight others.

The best time to study human nature is when you are alone.

## CHILD SAFETY DAY MAY 3

W. E. Austin, president of the National Safety League of Canada, has announced that Canada's national Child Safety Day will be observed from coast to coast on Sunday, May 3. The League has the assured assistance of provincial and community safety groups, the clergy, service organizations and many others in making this event a success.

Mr. Austin pointed out that Child Safety Day would be a one-day campaign to emphasize the vital need for constant attention to the safety of children every day of the year. "NSL, and others stepping in to bring about this nation-wide awareness," Mr. Austin said, "seek the aid of everyone to lead young Canadians safely through the daily perils of road, home, school and play." He declared that the great responsibility lay with the parents. "They must not only guide and teach the children," he said, "but they must also lead all adults in the protection of the young."
